## ACADEMIC EDUCATION

From 2015 **PhD Candidate in Philosophy – Central European University, Budapest**

Dissertation title: *A Pluralist Perspective on Constitutive Elements in Science*

Supervisor: Prof. Maria Kronfeldner, CEU, Budapest

Associate Supervisor: Prof. Flavia Padovani, Drexel University, Philadelphia

2017-2018 **Visiting Fellow – Munich Center for Mathematical Philosophy, LMU Munich**

2013 **MA Philosophy – University of Milan**

2011 **BA Philosophy – University of Milan**

## TEACHING EXPERIENCE

2018 **Teaching Assistant** for the university-wide PhD and MA level course "How to think about Science:

An introduction to Philosophy of Science", with Prof. Maria Kronfeldner, CEU, Budapest

2016 **Teaching Assistant** for the Philosophy PhD and MA level course "Evolution Across Disciplines",

with Prof. Maria Kronfeldner, CEU, Budapest

2013-14 **English Teacher** for students at the Polytechnic University of Milan

2012-13 **Student Tutor** at the Faculty of Humanities, University of Milan

## AWARDS AND GRANTS

- **DAAD 1-year grant** for a visiting period of 10 months at the MCMP-LMU Munich (total amount € 13,440)
- **Academic achievement award** for first-year doctoral students at CEU, Budapest
- **Graduation award** for final MA graduation result
- **Travel bursaries** from UCL and the University of Tartu to participate to conferences and workshops
- **3-year full tuition scholarship** for the PhD Program 2015-16 in Philosophy at CEU, Budapest
- **Tuition waiver** for the Summer School 2015 in Ontology and Metaontology, CEU, Budapest
- **Merit-based grant** for 5 academic years during studies at the University of Milan (2008-2013)

## PEER-REVIEWED ARTICLES

2018 Constitutive elements beyond physics: the case of the Hardy-Weinberg principle. *Synthese*.

Accessible [here](#).

2014 On the relationship between four-dimensionalism and perdurance. *Rivista Italiana di Filosofia Analitica Junior*, 5(2): 43-53.

## FURTHER PUBLICATIONS

2018 Interview with Michela Massimi. *Pulse: a Journal for History, Philosophy, and Sociology of Science*, 5: 1-8.

## EDITORIAL ACTIVITY

From 2017 **Associate Editor** of *Pulse*, graduate journal in History, Sociology, and Philosophy of Science

## CONFERENCE TALKS

2018 University of Zurich, **workshop on Concept Formation in the Natural and Social Sciences** –

Talk title: "The origins of Ohm's conceptual apparatus: Understanding the role of measurement and coordination"

2018 University of Seattle, **PSA 2018 biennial meeting** – Talk title: "Measurement and coordination in Ohm's scientific practice"

2018 Oxford University, **BSPS 2018** – Talk title: "Understanding the Galvanic circuit: An epistemological analysis of the role of measurement and coordination in Ohm's scientific practice"

2018 University of Ghent, **SPSP 2018** – Talk title: "'Constituting' tension? An epistemological analysis of the role of measurement and coordination in Ohm's scientific practice"

2018 University of Bratislava, **EENPS 2018** – Talk title: "Constituting frequency changes in genetic populations via approximation and stability: Understanding the role of the Hardy-Weinberg principle through its epistemic history"

2017 LMU Munich, **ECAP 9** – Talk title: "Theory-relative constitutive principles and evolutionary biology: relaxing a conceptual tool"

2017 University of Bologna, **SILFS 2017** – Talk title: "Theory-relative constitutive principles and evolutionary biology: relaxing a conceptual tool"

2016 University of Salzburg, **7<sup>th</sup> SOPhiA Conference for Young Analytic Philosophy** – Talk title: "The Pluralist Challenge to Constitutive Principles in Science – Steps Towards a New Modal Basis"

2016 UCL, London, **2<sup>nd</sup> London Graduate Conference in Philosophy of Science** – Talk title: "The Pluralist Challenge to Constitutive Principles in Science – Steps Towards a New Modal Basis"

2016 CEU, Budapest, **Scientific Pluralism and Epistemic Relativism workshop** – Talk title: "Scientific Pluralism and the Relativised a Priori: Any Prospects for Conciliation?"

## INVITED TALKS

2017 University of Vienna, **Early Career Workshop on Relativism, Pluralism, and Contextualism** – Talk title: "A Domain-relative Account of the Constitutive Role of Levels of Organisation in Scientific Inquiry" (with Matthew Baxendale)

## **ORGANISATIONAL EXPERIENCE**

2017-18 Organiser of the reading group in General Philosophy of Science at the MCMP-LMU, Munich

2016 Organiser of the workshop "Scientific Pluralism and Epistemic Relativism" at CEU, Budapest (with Matthew Baxendale)

## **WORKSHOPS AND SUMMER SCHOOLS PARTICIPATION**

2017 University of Tartu – "Realist Pragmatism: History, Philosophy, and Science", workshop with Prof. Hasok Chang

2016 University of Bielefeld – "Pragmatism in Science", masterclass by Prof. Hasok Chang

2015 CEU, Budapest - Summer School in Ontology and Metaontology

## **LANGUAGES**

**Italian:** native

**English:** fluent (Cambridge CPE, grade B)

**German:** intermediate

**French:** beginner

## **NON-ACADEMIC ACTIVITIES**

### **ADMINISTRATIVE EXPERIENCE**

2014-2015 **Career Advisor**

SDA Bocconi School of Management – Career Management Department, Milan, Italy

2014 **Intern**

Università Commerciale Luigi Bocconi – Admissions Office, Milan, Italy

### **ARTISTIC ACTIVITIES**

2008-2017 **Theatre acting schools** Teatro Libero (2008-11), Accademia dei Filodrammatici (2011), Sagome Teatro (2013), **seminars** and **workshops** with Odin Teatret (2018), Danio Manfredini (2015), Carlos Alsina (2014-2016), Stefano Guizzi (2011)

2012-2014 **Theatre actor** in a production of the Edinburgh Fringe Festival 2012 and in independent productions in Milan

2013-2015 **Theatre director** at ARCI Cicco Simonetta (2013-14); directed and produced 3 plays in Milan

### **FURTHER COURSES**

2018 IUCM LMU Munich – German B1

2015 Data Analysis and Statistical Inference (through Coursera) – Duke University Chicago

2013-2015 Milan Civic School of Languages – German A1-A2
